## the ceramics with *proud traditions*

Our story begins as specialists in a material, porcelain tiles, surfaces devoted to technical excellence and satisfying on the eye with their beauty; the result of our experience, research and technology.

An Indian story, appreciated the world over, that talks about attention to the environment and safety, an aptitude for design and architecture design solutions.

We blend craftsmanship with contemporary aesthetics to create surfaces that speak of character and quality. With every collection, we bring a new narrative to life—timeless, functional, and artistically driven.

Our journey continues to shape modern living, one tile at a time.

an extensive collection  
of marble and stone,  
reinterpreted in the finest  
*porcelain stoneware.*

The Valencia Ceramica offers the very best of large format porcelain, renowned for its prestige and exceptional beauty, now available in versatile sizes.

160x320cm & 120x300cm masterpieces of art and technology: a wide range of inspiration to help you find the right surface to enhance the character and style of any project.

captures the authentic hues  
of natural elements and  
*idealises it in an intuitively  
elegant look.*

Each tile design draws inspiration from earth's raw textures—stone, sand, clay, and minerals—translated into surfaces that feel both timeless and refined. With a perfect balance of tone, grain, and pattern, these tiles effortlessly elevate spaces, offering a harmonious blend of nature and sophistication for modern interiors.

new insights are born in darkness.  
for valencia the night is both a  
mystery and an inspiration: it is  
where everything begins and  
takes shape.

Unique &  
Unmatchable  
Designs

Valencia Slabs guarantee the highest level of technical performance, as they are scratch, ice and heat resistant. The materials are easy to clean and sanitise, as they are non-absorbent and, therefore, food-safe too.

These characteristics, combined with their chromatic stability and UV resistance mean they can be used in outdoor contexts too.

### Non-Slip Surface

Designed for stability, stoneware offers superior slip resistance, ensuring safety in both residential and commercial spaces. Its textured surface provides enhanced grip, reducing the risk of slips even in wet conditions.

### Heat & Fire Resistant

Stoneware offers exceptional fire resistance, withstanding high temperatures without compromising its integrity. This robust material provides a safe and secure environment, making it ideal for both residential and commercial spaces.

### Frost Resistant

Engineered for endurance, stoneware remains unaffected by frost and freezing temperatures, making it ideal for outdoor applications. Its low water absorption prevents cracking and damage, ensuring longevity even in the harshest climates.

### Acid & Chemical Resistant

Engineered for durability, stoneware stands resilient against chemicals, stains, and everyday wear. Its non-porous surface ensures resistance to acids, alkalis, and household cleaners, making it an ideal choice for kitchens, bathrooms, and high-traffic spaces.

### Scratch Resistant

Stoneware offers exceptional durability with its scratch resistant properties, making it the perfect choice for spaces that demand both style and resilience. Its dense, non-porous surface stands strong against daily wear, maintaining its pristine appearance even in high-traffic areas.

### UV-Rays Protected

Stoneware is naturally UV protected, ensuring its colors and finish remain vibrant and intact, even when exposed to sunlight over time. Its resistance to UV rays prevents fading, discoloration, and deterioration, making it an ideal choice for both indoor and outdoor applications.

# PASTEL COLLECTION

The Collection that not only dedicated to walls & floors but also for the worktops are coordinated with the super thin 5.5mm thick plates.

This innovative collection allows the coating of doors, drawers, day furniture and furnishing accessories. Pastel collection gives the space an incredible aesthetic precision, an architectural continuum that sets no design limits.

Collection that combines creativity and imagination with the practical characteristics of the material. The collection takes the soft, contemporary minimalism of concrete-resin and expands it using a rich, and vibrant new colour range.

# SPA COLLECTION

The Spa Collection features distinctive dotted texture slabs inspired by water droplets on stone and healing spa treatments. This tactile surface design creates a serene, therapeutic aesthetic that promotes relaxation and wellness in any space.

The raised dot pattern provides enhanced grip and slip resistance, making these slabs perfect for wet environments like spa floors and pool decks. The texture creates dynamic light and shadow effects that add visual depth and movement to any surface.

Each dot provides a gentle massage-like effect underfoot, stimulating pressure points and promoting circulation. Available in spa-inspired colors from soft grays to cool blues, the collection creates tranquil environments that nurture wellness.

# INMENSA COLLECTION

The Immensa Collection captures timeless marble elegance through sophisticated slabs with rich veining and luxurious patterns. Each piece replicates premium marble's depth and character, bringing classical beauty to contemporary spaces.

These slabs feature intricate veining and subtle color variations that mirror natural marble formation. The sophisticated design creates an impression of luxury and permanence, making each installation a statement of refined architectural excellence.

Available in classic marble colorways from pristine whites with gray veining to dramatic blacks with gold accents, the collection transforms spaces with sophisticated beauty. The marble-like finish combines aesthetic appeal with practical durability.
